Dear Friends:

Congratulations on Affiniti Architects, PA recently being included in the *South Florida Business Journal's* list of top Architectural Firms. You are to be commended for building a business that provides opportunities to families within your community. Floridians like you are helping make our state the best place in the world to raise a family, have a great career, and enjoy a life full of opportunity.

Florida businesses have created a total of 879,00 private-sector jobs since December 2010. Job creators have succeeded because we are building an environment where job growth is possible by cutting taxes over 50 times. Cutting taxes is important because we know that you can spend your money better than government can. This is why we will continue to work with your Legislature to keep cutting taxes and give more money back to Florida families. We will also be working with the Legislature to continue to make important investments in our schools. We must give our students every opportunity to succeed, because we know that a great job starts with a great education.

Thank you for helping make sure every family has the opportunity to succeed here in the Sunshine State. Please let me know your ideas for how we can continue making our state the best place in the world to grow a business, a career, and a family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rick Scott".
